Hurricanes go to overtime in A final

By Doug Bassett
Review Sports

It just doesn't get any better than this: the Novice Hurricanes hosting their home tournament and playing in the "A" final against Lloydminster after winning their first two games on Saturday, over Dewberry 5 to 3 and Bonnyville 7 to 4. Going head to head, the teams finished the regulation time with a 5-all tie. The

overtime was five on five, but the catch was, both teams play overtime without a goalie. Unfortunately, the Hurricanes lost, but they worked so hard to battle back and tie the game after being down by two goals in the third period, and what can be better than that? The whole tournament was a great success, the kids all had fun, eight teams, jam-packed raffle table, movies, a very busy con-

cession, and a great way to open the New Year. A pat on the back to Gary Marcenik and all his team parents for a job well done, and to the boys who played so well and gave us some very entertaining games.

What do you think is worse, -35° or freezing rain in January? This is crazy, pouring rain in January. Strange weather, Friday afternoon it was so icy you could lace up your skates at home and skate to the game, you didn't even need the arena to skate in. The Midget Thunder were supposed to play in Consort on Friday night but wisely cancelled the game, and the Micro Novice Tornadoes doing the same for their early Saturday morning game in Dewberry.

The Bantam Colts were shut down 3 to 0 when they faced the big bad Bisons from Wainwright on Thursday night at the Dome. The Colts have been able to beat every team in the league this year except for Wainwright, who don't seem that much better, but they have the Colts' number right now.

A win for his birthday on Saturday night would

have been the candle on the cake for the Midget Girls Storm coach George Hahn. Sometimes you can have your cake and eat it too, but on this birthday, George had to settle for just the cake, the Midget Girls Storm losing to Sedgewick 5 to 2 Saturday in the Dome. The Storm were down 3-2 in the first period but closed the gap 3-2 after 40 minutes, Brett Hahn going upstairs on a beautiful shot for one, then Megan Proski on a slap shot that fooled the goalie, making it look easy, but with some players still missing because of the Christmas holiday season, the short bench powered out in the third. A good effort by goalie Joanne "JoJo" Demoissac, who faced 43 shots.

"I think the team played their two best games of the season, and came up one goal short on both of them," said coach Lane Lorensen. On Saturday, the Atom Avalanche played in Cold Lake, losing 4 to 3. Team captain Craig Dallaire with two and Josh Weir with the single. Then on Sunday,

LLOYDMINSTER NOVICES won the tourney in OT.

facing a team that walked all over them the last time that they met, the Avalanche were in Saddle Lake, this time losing another really close one, 6 to 5. Four goals in this one for Craig Dallaire and a single for Ryan "Little M" MacDonald. Goalie Jerin Bezpalko standing

strong in both games with the help of his defense, Kody Wickham, birthday girl Catherine Campbell, Chris McVeety and Jordan Krankowski. Novice aged Jordy, who moved up one level this year, has been a big asset to the team all season on the "D".

Elks start '01 with win

Elk Point Elks took on Vermilion Friday night in their first game of the new year before an excellent hometown crowd, who cheered them on to an exciting 6-5 victory.

The Elks scored one and a half minutes into the game, Clayton Cardinal off Cory Laboucane and Blair Halfe, and added two more 18 seconds apart at mid-period, Loren Wowk unassisted and Willie Lesyk assisted by Laboucane and Travis Brown. Vermilion scored with 4:01 on the clock, Wayne Fleming from Tim Koniczny and Ryan Yarmuch.

The first 14 minutes of the second period saw scorers kept away from both goals. Loren Wowk advanced the Elks cause with 5:31 remaining, assisted by Kerry Loughran and Leighton Grey, but Vermilion scored a pair, Corey Lorensen off Greg Thronson and Trent Waltz from Brett McBride and Yarmuch on a power play.

Another power play goal, by Laboucane off assists by Grey and Sheldon Espetveidt, gave the Elks a two goal margin. Thronson answered for Vermilion, assisted by Koniczny and Yarmuch. Elk Point was left shorthanded for five minutes, with Loren Wowk cheered mightily when he scored shorthanded off an assist by Kelvin Hall. Vermilion's last goal saw Yarmuch assisted by Darcy Fee and Wayne Fleming for a final score of 6-5 in Elk Point's favor.

Important Information for all Canadians about responsible firearm ownership

An update on licensing

Temporary licences issued to meet demand

To comply with the *Firearms Act* requirement for firearm owners to have a licence as of January 1, 2001, Canadians sent in their licence applications in record numbers. To meet this demand, temporary licences are being issued to eligible firearm owners.

Public safety remains the cornerstone of the firearms program. Temporary licences are only being issued to those who are successfully screened against Canadian Police Information Centre (CPIC) databases. And, like all other firearm licence holders, those with temporary firearms licences will be continuously screened against police databases.

These public safety checks conform to the *Firearms Act* and keep firearms away from those who should not have them.

Temporary licence holders are not permitted to acquire firearms. However, they will be in legal possession of their firearms and they will be able to get ammunition. Temporary licences are only valid until June 30, 2001 or until those eligible receive their five-year licence.

Grace period introduced

Firearm owners who applied for their licence before the deadline will not be penalized if they did not receive their licence by January 1, 2001.

This grace period will last until June 30, 2001. It only protects people who applied for a licence before January 1, 2001. Firearm owners and users who did not apply for a licence or who don't have a valid Firearms Acquisition Certificate (FAC) may be subject to penalties under the *Criminal Code*.

For more information, assistance or forms, call 1 800 731-4000 or visit our Web site at www.cfc.gc.ca

Times of change: do you remember these events?

By Deanna Easthope
FCSS Director

Now that 2001 is here, for those of us who are older, it has become the time for us to look back and see what has changed over the last several years. Just think, as we reminisce, we will be able to tell our children about what it was like when...!

Some points of history could be: On April 1, 1975, the metrifica-

tion of Canada begins with the use of Celsius temperatures. Changes from imperial measures to the metric system follow over the next ten years. ...Can you believe it was that long ago? Why, some of us still want to make sure we have both systems of measurement in our homes just to make sure we know the temperature. Our children think we are "silly".

By 60 percent

majority, Quebecois vote on May 20, 1980 against a referendum proposal to seek political sovereignty and economic association with Canada. ...Oh boy, that was a close call.

On April 17, 1982, in a Parliament Hill ceremony, Queen Elizabeth II formally ends nominal British jurisdiction over Canada's constitutional law. The new Constitution has a Charter of Rights and

Freedoms. ...Can you believe that finally happened? It's like when a child leaves the home of parents and the parents don't have to support them financially any more.

The year of 1987 saw the loonie, the 11-sided bronzed-nickel dollar with a portrayal of the common loon on the tails side, make its debut in June across Canada. The two-dollar coin - automatically dubbed the toonie -

went into circulation in February 1996. ...Maybe some of you miss those paper one- and two-dollar bills. But in 1987 and 1996 they were changed to coinage.

In 1989 the Canada-U.S. Free Trade Agreement, a divisive issue in the 1988 Canadian election that re-elected the sponsoring Conservative government, came into force on January 1. ... Now, there could be much debate on whether that was a "good" or "bad" thing. What do you think?

And of course, 1990 saw the Canadian shoppers begin coughing up the seven-percent Goods and

Services Tax on January 1, less than three weeks after it emerged from months of parliamentary opposition. ... Today, people are still expressing opposition to this tax.

Then in 1999, the Territory of Nunavut - population about 28,000 - is created on April 1 in the central and eastern Canadian Arctic. ...So instead of 10, we now have 11 provinces.

These are only a few changes in the last 25 years, but some of us have lived through them. And guess what... there will be more changes in the next 25 years, I am sure. Happy changing times!

Local anglers could be chosen for 2000 sportsfishing survey

If you were an angler last year, you just might have your name drawn to participate in the 2000 Survey of Recreational Fishing in Canada.

"This is an important opportunity to hear directly from individual anglers," said Halvar Jonson, Minister of Alberta Environment. "The results will provide managers of Alberta's fisheries with valuable information necessary

for future planning."

Coordinated by Statistical Services of Fisheries and Oceans Canada, the survey is being conducted by every province and territory to gather data on freshwater fishing and saltwater fishing throughout Canada. The 2000 Survey of Recreational Fishing in Canada is the sixth in a series of national surveys carried out at five-year intervals since 1975. The survey results are used to develop an understanding of, and identify trends in, Canada's sportfishery.

Alberta Environment will conduct the survey throughout the province to obtain Alberta information based on the 2000 sportsfishing season.

Survey questionnaires are being mailed during the week of January 8th to a random sample of about 6000 residents and non-residents who purchased an Alberta Sportsfishing Licence in 2000. The survey asks anglers questions about their fishing experience, their opinions and where they fished, how much they fished, and how many fish they caught.

"The cooperation of every angler is critical to the success of the survey," said survey manager Dave Berry. "I hope anglers will devote a small amount of their time to tell us about their fishing activities. It's important that even anglers who only fished one or two days complete and

send back the questionnaire. Everyone's answers are important."

In 1995, the year of the last survey, it was estimated that 232 465 licensed anglers in Alberta fished for 3.7 million days and caught 15.3 million fish, keeping only 4.6 million of the fish they caught. These anglers invested \$312 million in Alberta, directly related to sportsfishing.

More information on the Survey of Recreational Fishing in Canada is available on the Alberta Environment web site at <http://www.gov.ab.ca/env>, then go to "Fish and Wildlife", then to "Fishing in Alberta" and "Management Issues".

Holiday checkstops 'positive', RCMP say

By Sgt. Lyle Marianchuk
Elk Point RCMP

Nine checkstops were conducted over the holiday season in the Elk Point Detachment area, some with the assistance of St. Paul Traffic Service. Over 112 vehicles were checked during this time.

One 24-hour suspension was issued, along with one liquor ticket, and four other tickets for seat belt and license infractions. The results of these checkstops are considered positive as it shows that most of the drivers used better judgement and did not "drink and drive." Three 24-hour suspensions were also issued during routine patrols in December.

Elk Point RCMP will continue to conduct checkstops and traffic blitzes during the new year.

Public meetings for intensive livestock operations issues

You are invited to share your views, concerns and ideas on the development and operation of Alberta's livestock industry; specifically on the issues of provincial and municipal roles, approval processes, and on-going monitoring and enforcement.

The Sustainable Management of the Livestock Industry in Alberta Committee will consult with Albertans on this important matter through written submissions to the committee and public meetings in the new year.

Public meetings will be held at six locations across the province. You are invited to make a formal presentation. Presentations will be heard at a confirmed time and date. Meetings will be held from 10:00 a.m. to 4:00 p.m. in the following locations:

- **January 22, 2001** Lethbridge Lodge Hotel, 320 Scenic Drive South
- **January 24, 2001** Airdrie Town & Country Centre, 275 Jensen Drive
- **January 26, 2001** Red Deer Black Knight Inn, 2929 - 50 Avenue
- **January 29, 2001** Vermilion Lakeland College, 5707 - 47 Avenue West
- **January 31, 2001** Barrhead Neighbourhood Inn, Hwy 33 & 61 Avenue
- **February 2, 2001** Grande Prairie Travelodge Trumpeter Motor Inn, 12102 - 100 Street

To schedule a presentation to the committee, please call Louise Starling at (403) 340-5306. (Toll-free access is available by first dialing 310-0000)

Written submissions will also be accepted. They can be e-mailed, faxed or mailed to the Committee Chairman:

Albert Klapstein, MLA
Chairman, The Sustainable Management of the Livestock Industry in Alberta Committee
513 Legislature Building, 10800 - 97 Avenue
Edmonton, AB T5K 2B6
Phone: (780) 415-0989 (Toll-free access is available by first dialing 310-0000)
Fax: (780) 427-1835
E-mail: dwillis@assembly.ab.ca

The deadline for written submissions is January 15, 2001.

■ From the Legislature

Alberta sets direction for high-tech strategy

By Paul Langevin, MLA
Lac La Biche - St. Paul

Some of the Province's best and brightest in the high-tech community are set to take the next step in Alberta's push to become a powerhouse in information and communications technology.

Denis Herard, chairman of the Information and Communications Technology (ICT) Implementation Committee and MLA for Calgary-Egmont, announced that the Province will be concentrating on wireless industry development, E-commerce, E-learning and human capital development, E-government services and E-health, to move Alberta to the leading edge of the knowledge economy of the 21st century.

Essentially, the initiative is searching for the best ways to use technology in order to make life more simple and better for Albertans, and these four areas of concentration are essential to this plan.

The most recent step in the plan comes two years after the Province's original Information Communications Technology Strategy was released and a year after two initial committees were struck to put Alberta in the position to proceed with a game plan. At that time, leaders from industry, government, learning and research were assembled to examine the business growth and infrastructure requirements that were needed to make the strategy - Alberta becoming a global leader in the ITC industry - work.

One of the outcomes from that was the recent announcement by Innovation and Science Minister Lorne Taylor that Alberta will embark on a plan to build an extensive high-speed Internet network throughout the province. SUPER-NET, as it was dubbed, will extend affordable, high-speed Internet access to 420 communities in the province within three years. It will put rural and urban Albertans on the same high-tech playing field.

My mailing address is Box 1848, St. Paul, AB T0A 3A0.

■ New Year's notes

Ten ways to keep resolutions

By Carol Moro
Take Off Pounds Sensibly

Whenever a new year rolls around, it hits us: that inevitable urge to reform, recharge, resolve — to remake ourselves into our ideal selves.

New Year's Eve resolutions can be great - but how do you maintain that new-year excitement over the long haul? Here are ten ways.

1. Strengthen your resolve by deciding why weight loss is important to you.

2. Know your weaknesses. Keep yourself out of temptation's way when possible.

3. Learn to recognize which emotions trigger your worst food habits. Find other ways of dealing with these emotions.

4. If simple boredom is the culprit, seek out fun, constructive activities. This

makes it less likely you'll overeat to fill the vacuum in your life.

5. When you make a mistake, acknowledge it and move on. Everyone stumbles once in a while, but the successful person refuses to stay down for long.

6. Set specific, measurable, realistic goals. A small goal you can meet is better than a bigger one that makes you anxious and sets you up for failure. And in time, all those small achievements will add up to a big improvement.

7. Focus on performance, not outcome. You can control whether or not you finish a two-mile race; you can't control whether a faster walker or runner happens to beat you to the finish line.

8. Favor positive over negative goals. Positive goals tell us what to do. Negative goals tell us what

to avoid. It's best to focus on alternatives that give you pleasure and help you move forward.

9. Set priorities. You have a limited amount of discretionary time each day. Spend it on things that really matter in the long run - like your health.

10. Be flexible. Successful weight-losers have a plan yet "go with the flow" to alter that plan when the need arises.

In the end, successful weight loss and maintenance is so much more than a spur-of-the-moment decision. It requires a change in lifestyle.

Sure, the decision to change may have been impulsive, spurred by the New Year's spirit of reform. But carrying through on that spirit requires new ways of thinking and acting. By following these ten tips, you're on the right road to living your resolution.

■ Nutrition notes

Nutrition New Year's resolutions

By Linda Fox
Registered Dietitian, Elk Point Health Centre

Have you made your New Year's resolution yet? If your resolution started with "I'm never going to" or "I'll always avoid", the better question might be - have you broken your New Year's resolution yet? You've probably found out that strict resolutions can be hard to follow, especially when it comes to eating and food.

Why not simply resolve to eat well most of the time? Healthy eating means making better food choices for the nutrition you need. Learning to enjoy smaller portions of your higher fat favorites can be much easier than vowing to never eat that food again. Choosing those foods in moderation is a step in the right direction.

Healthy eating also means variety. When your diet is made up of many foods, it is more interesting and likely more nutritious. New foods can add nutrients you may not always get. Trying out a new or different

food like couscous, quinoa or eggplant once every month or so is a step toward adding variety to your diet.

Most importantly, for a successful resolution, make gradual changes that are realistic for you. For example, if you have a large muffin with coffee at your break each morning, resolve to eat half the muffin with your coffee and add a glass or milk or a piece of fruit to make it more nutritious. By doing this, you haven't cut out the snack, just made it healthier.

Registered Dietitian Karol Sekulic states, "Canada's Food Guide to Healthy Eating is your guide to getting your diet on track. Choose from the four food groups and enjoy the food you eat." Call the Dairy Nutrition Council of Alberta at 1-800-252-7530 for a complimentary copy of the Food Guide Slide and make your resolution to eat well today.

For more information, call Linda Fox, Registered Dietitian at the Elk Point Health Centre, 724-3847.

■ From the Opposition

Our seniors deserve better

By Vital Ouellette

Liberal Candidate, Lac La Biche - St. Paul Constituency

First and foremost, senior citizens need a public health care system which will give them immediate access to doctors, hospitals or continuing care facilities. Unfortunately, many seniors and their families often have to wait and worry because of the provincial government's continued under-funding of doctors, nurses, hospitals, home care and long-term care facilities.

Further burdened by excessive utility costs, food prices, taxes and an extraor-

dinary number of user fees, seniors on fixed incomes feel overwhelmed.

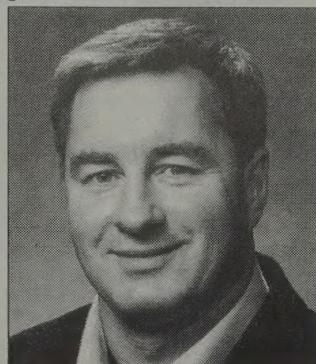

I believe we can help our seniors by providing them with

■ a strong public health care system they can count on

■ an exemption from paying Alberta Health Care Insurance premiums

■ cash benefits against rising prices by ensuring that their benefits keep up with inflation.

I believe our seniors need to know that we care. Do you agree?

what's NEWS at the LIBRARY?

New Year, exciting new books at Elk Point Public Library

It's a New Year at Elk Point Public Library and we're open again after the Christmas and New Year's break.

Don't forget that we are now back to our regular hours: Monday and Tuesday, 1 - 5 p.m.; Wednesday, 1 - 8

p.m.; Thursday, 1 - 5 p.m.; Friday, 10 a.m. - 5 p.m.

Storytime returns this Friday morning at 10:30 a.m., so bring all those preschoolers down to enjoy stories, crafts and fun.

Our first **Seniors**

Tea of 2001 goes this afternoon at 2 p.m. Drop in for tea, goodies and good conversation.

New Books

If you're dreaming of summer and the excitement of rodeos and chuckwagon races, here's a great

book for you. "Never Holler Whoa!" by Glen Mikkelsen takes you behind the scenes to the wagon barns where you will meet three professional wagon drivers.

World Professional Chuckwagon Association's Person of the Year, Dewberry's Buddy Bensmiller, tells the story of his years in the wagon box, as do eight-time Calgary Stampede champion Kelly Sutherland and up-and-coming young driver Jim Nevada.

The glory of winning championships, the

camaraderie of the wagon circuit, and the gruesome reality of losing a friend in a wreck on the track are all contained in this excellent portrayal of real-life adventures on the wagon circuit.

Also on the same subject is a book we've had a while, Doug Nelson's "Hotcakes to High Stakes," a comprehensive history of the sport of chuckwagon racing. Many photos, from the earliest days of the Calgary Stampede to the champions of the current associations, add extra

interest to the story.

Our New Books shelf is loaded down with other non-fiction and fiction titles so come on in and you are sure to find some titles to enjoy on a chilly winter evening.

Woman killed in Highway 41 collision

A Bonnyville woman was killed in a motor vehicle collision on December 29 along Highway 41.

Approximately three km south of the intersection with Secondary Highway 640, a north-bound minivan entered the southbound lane and collided head on with a large tanker truck that was south-bound.

The driver and lone occupant of the minivan, 33-year-old Carmen Christensen,

was pronounced dead at the scene.

The driver and lone occupant of the tanker was taken to Elk Point hospital with undetermined injuries.

Road conditions were

extremely icy at the time of the accident and were a contributing factor. Highway 41 between Highway 640 and the Correction Road was closed from 2:30 to 9 p.m. due to the crash.

Pioneer Circle bingo

IN MEMORIAM

BODNAR, John

It's been twelve years since you left us. We, your family, miss you lots, and will never forget the happiness you brought to our lives, and the memories you have given us.

The sudden way you had to leave, we shall always remember and wonder why. To know we never said good-bye,

The things we feel so deeply are the hardest things to say; But we, your family, love you in a very special way;

They say that memories are golden; Well that may be true. But we never wanted memories, we only wanted you.

If tears could build a stairway, and heartaches make a lane

We, as your family, would walk the path to heaven and bring you home again.

Sadly missed -- Love Mom and Family.

Beautiful Babies of the Year 2000

The Elk Point Review's Salute to the Beautiful Babies of the Year!

PRAYER OF THE BLESSED VIRGIN (never known to fail)

Oh, most beautiful flower of Mt. Carmel, fruitful vine, splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. Oh Star of the Sea, help me and show me here you are my mother. Oh Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. Oh Mary conceived without sin, pray for us who have recourse to thee (three times). Holy Mary I place this prayer in your hands (three times). Say this prayer three consecutive days and then you must publish and it will be granted to you. **DEB**

The Lakeland Regional Health Authority Home Care Program serves clientele requiring acute intervention, long-term and palliative care.

POSITION SUMMARY: Responsible for the provision of home support services to clients in the community. Under the direction of the RN, or therapist the individual will be responsible to provide assistance with personal care, basic treatments, exercises and support to Home Care clients.

QUALIFICATIONS: PSA course or equivalent experience preferred. Must have knowledge of basic hygiene, nutrition, home management and an interest in working with people of all ages. A valid driver's license and an ability to use own vehicle for work is essential.

TERMS OF EMPLOYMENT: AUPE Collective Agreement. Salary to commensurate with education and experience.

Please submit a written application by Jan. 19, 2001 to:
Diane Labossiere, Lakeland Regional Health Authority
Grand Centre Health Unit
4720-55 Street, Cold Lake, AB., T9M 1V8

EMPLOYMENT OPPORTUNITY Municipal Conservation Technologist

FOR THE COUNTIES OF SMOKY LAKE & ST. PAUL
Based out of Smoky Lake County Office (\$32,000.00 Annually)

As part of two Municipal Teams and reporting to the two County Fieldmen, you will provide technical support related to Environmentally Sustainable Agriculture. You will provide technical and program expertise in liaison with Producer Groups, Alberta Agriculture staff, Agribusiness and P.F.R.A. You will promote Environmentally Sustainable Agricultural systems and techniques, provide extension and technical support to producers within the Counties of Smoky Lake and St. Paul. You will be responsible for the coordination of Alberta Environmentally Sustainable Agriculture (AESAs) Program. The successful candidate will deliver extension and technology transfer seminars, collect and evaluate information, work with farm managers, prepare reports and newsletters. The successful candidate will be required to interpret, prepare and present technical and information material effectively in both oral and written form.

Qualifications: Related technical diploma or degree. Experience in riparian management, pasture management, extension activities and farm planning would be a benefit. Understanding of practical agriculture is a necessity. Farm background will be considered an asset.

NOTE: A valid driver's licence is required.

Application deadline is January 26, 2001.

Anticipated starting date - March 1, 2001, however arrangements can be made for a later starting date.

For further information, or to submit a resume, please contact:

PUMP RUN OF THE MONTH™

Good pump runs make wells profitable and create employment.

Kudu installed a 200 TP 1200 Progressive Cavity Pump in the Wabasca area in Well 5-22-81-22-W4M on January 1, 1996. It was pulled on October 14, 2000 after a run of 44+ months.

The Artificial Lift Company

New names for Flint Energy companies Main steel fabrication plant is in Elk Point

The signs on the big building in Elk Point's industrial park have been changed.

Reid's Welding no longer exists, becoming part of one of the new member companies of Flint Energy Services Ltd., a fully-integrated construction and

maintenance company offering construction services and facilities maintenance to oil and gas, petrochemical and many other industries. Employing over 4000 personnel in 45 locations in western Canada, FESL was established in 1998.

Reid's Welding Inc., along with Reid's Construction Ltd., Reid's Pipeline Ltd., Reid's Equipment Division, HMW, Prodl Reid's Ltd. and Braidnor Construction Inc., all Flint member companies, merged as of January 1, 2001 to become Flint Construction Services

Ltd., headquartered in Sherwood Park.

District Manager Martin Clutterbuck says the former Reid's Welding shop in Elk Point is Flint Construction's main steel fabrication plant, employing 30 to 35 staff plus field crews.

"It's a change for all of us," said Clutterbuck, who said he had enjoyed working with Reid's for 14 years prior to the change.

Other changes saw

Titan Electric and Controls Ltd. and Flint Canada Inc. become Flint Field Services Ltd., with headquarters in Red Deer. Klinger's Oilfield Services Ltd. become Flint Production Services Ltd., with headquarters in Lloydminster, and Procall Management Ltd. become Flint Energy Services Ltd., Strategic Services Division, with headquarters in Calgary.
